Education

Dwarkadas J Sanghvi College of Engineering, Mumbai

2024 - Present

- B.Tech in Information Technology with Honours in DevOps | CGPA: 8.5

Indian Institute of Technology, Madras (IITM)

2025 - Present

- BS Degree in Data Science (Online), Foundation

Swami Vivekanand International School & Jr. College, Mumbai

2010 - 2024

- ICSE(Class X), HSC(Class XII)

Experience

Research Intern - Indian Institute of Technology- Bombay (IITB)

Jan'26

- Content goes here

Skills

- Languages** - C, C++, Java, Python
- Web Development** - HTML, CSS, JavaScript, React.js, PHP
- Supervised Machine Learning** - NumPy, Pandas, Matplotlib, Seaborn, Scikit-Learn, Regression & Classification
- Tools** - Dockers, Github, MySQL, MongoDB, Streamlit

Projects

Real Estate Price Prediction [\[LIVE APP\]](#) [\[GITHUB\]](#)

Dec'25

Python | Pandas | Scikit-Learn | Streamlit

- Built an end-to-end Machine Learning pipeline to predict Property Prices in Mumbai with **84% accuracy(R^2)**, outperforming baseline models by implementing **Ridge Regression**
- Engineered a robust processing system using **Scikit-Learn Pipelines**, using **One-Hot Encoding** to handle high-cardinality location data (300+ regions)
- Deployed a user-friendly web application using **Streamlit** and **GitHub**, reducing inference time to <200ms, and enabling real-time interactive valuation for users

Certifications

Supervised Machine Learning | Coursera/Stanford - [\[LINK\]](#)

Nov'25

- Built a strong foundation in core ML algorithms (Linear/Logistic Regression), model evaluation, Cost Functions, Gradient Descent, Regularization, and practical model implementation using Python.

Advanced Learning Algorithms | Coursera/Stanford - [\[LINK\]](#)

Jan'26

- Mastered Neural Networks and Deep Learning architectures using TensorFlow, covering activation functions (ReLU/Softmax) and multiclass classification. Acquired advanced model debugging skills (Bias/Variance analysis) and implemented high-performance ensemble methods like Random Forests and XGBoost.

Academic and Extracurricular Achievements

- Volunteering** - Active BAPS Volunteer from 2020 - Children's Activity (Event Coordination)
- Blood Donation Camp** - Organized event from scratch, managed logistics and coordination, ensuring smooth execution
- Languages** - English, Hindi, Gujarati, Marathi
- DJS CodeStars** - Marketing Co-Committee Member (Since Oct'25)
